

| Financing Program / Facility: | GCF - PEEB Med Lebanon Green Climate Fund - Programme for Energy Efficiency in Buildings Med Lebanon |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Status: | • Will Start |
| Website: | https://www.peeb.build/fr/peebmed |
| Country: | • Lebanon |
| Source of Funds: | • International Funds |
| Eligible Beneficiaries: | Debt / Green Loans Debt / Guarantees Equity Subsidy / Technical Assistance (TA) |
| Financing Mechanisms: | Debt / Green Loans Debt / Guarantees Equity Subsidy / Technical Assistance (TA) |
| Sectors: | • All sectors |
| Project Types: | Energy Efficiency ProjectEquipmentGreen Building |
| Technology Types: | EE / Building Rehabilitation EE / Heating & Cooling Energy Efficiency (EE) |
| Finance Provider: | GCF - Green Climate Fund |
| Financial Intermediaries: | |
| Technical Assistance: | AFD - Agence Française de Développement GIZ - Deutsche Gesellschaft für Internationale Zusammenarbeit |

| PEEB Med, an initiative under the Pfor Energy Efficiency in Buildings (Paims to support seven countries in the Mediterranean region through techn assistance and finance. Given that be and construction contribute significally greenhouse gas emissions, especially Mediterranean region, PEEB Med seadvance resilient and energy-efficient building design, construction, and of With funding of €30 million approve European Commission and a total but €460 million, PEEB Med will provide project assistance and investment grover the extra cost of energy efficient measures, thereby facilitating the implementation of large-scale renow construction projects in the region. The projects will not only benefit million people directly but also contribute to 1 million tonnes of CO2 equivalent of years. PEEB Med's collaboration with Mitigation Enabling Energy Transities Mediterranean region project (Meet will further enhance its impact by disseminating knowledge and unlock synergies between policy support accentry efficiency financing. https://www.peeb.build/fr/peebmed |
