Technical Assistance:	<ul style="list-style-type: none"> • AMEE - The Moroccan Agency for Energy Efficiency • Maroc PME - the National Agency for the Promotion of SMEs

<p>Short Background of the Fund</p>	<p>The "TATWIR - Green Growth" program, spearheaded by the Ministry of Industry and Trade in collaboration with the National Agency for the Promotion of SMEs (Maroc PME) and the Moroccan Agency for Energy Efficiency (AMEE), aims to assist industrial SMEs in transitioning to carbon-neutral processes and products. Its goal is to foster the emergence of competitive green industrial sectors while reducing industrial pollution, aligning with the objectives of the 2021-2023 Industrial Recovery Plan to position the Kingdom as a decarbonized and circular industrial base. The offer includes:</p> <ul style="list-style-type: none"> • An investment allowance of 30% to support the financing of technological investments. • An equity contribution for SMEs: 10% (Refundable aid of 5% of the investment project to contribute to financing the working capital needs of seed projects in new green industrial sectors). • Coverage of up to 50% of innovation and product development costs, including technical studies, development of mock-ups and prototypes, laboratory tests and analyses, patents, and trademarks, etc. • Coverage of up to 80% of SMEs and 90% of VSEs for consultancy and technical expertise, including energy and environmental audits and diagnostics, compliance with standards and labels, real-time energy productivity monitoring systems (Internet of things IOT), analysis of a product's environmental impact, etc.
<p>How to apply?</p>	<p>Please complete the online application form via the following link: https://candidature.marocpme.gov.ma/tatwir-vert/</p>
