Short Background of the Fund	een for Growth Fund (GGF) is an
Short Background of the Fund	investment fund established in 2009 to
impact i	climate change and promote
address	able economic growth. Operating
sustaina	.9 markets in Southeast Europe,
across 1	the European Eastern Neighbourhood
Turkey,	and the Middle East and North Africa,
Region,	Futilizes a blended finance structure,
the GGF	ng public and private capital to
combini	e investment volumes in regions and
increase	with limited flows. Through
sectors 3	ents in measures that reduce energy
investma	ption, resource use, and CO2
consumj	ns, the fund aims for at least a 20%
emission	on in energy consumption and/or CO2
reduction	ns while also addressing water, waste,
emission	cerial inputs. With a dedicated
and mat	al Assistance Facility, the GGF
Technic:	s expertise to ensure successful
provides	entation and raise awareness about
implement	efficiency and renewable energy,
energy etthereby	fostering green finance in the market.
