Financial Intermediaries:	• Massader
Technical Assistance:	• Massader

<p>Short Background of the Fund</p>	<p>The Palestine Investment Fund (PIF) is actively involved in energy development, both traditional and renewable, through its subsidiary Massader, established in 2015. PIF focuses on investing in strategic sectors such as energy, aiming to contribute to the establishment of a sovereign and prosperous Palestinian state by fostering innovative and integrated economic development supported by a vibrant private sector. With a commitment to impact investment, PIF and Massader work to achieve specific and measurable development goals while generating reasonable returns on investments. Through collaborations with local, Arab, and international partners, they promote energy development, particularly in renewable energy, and emphasize energy efficiency initiatives, ensuring complementarity in the sector without competition or domination.</p>
<p>How to apply?</p>	<p>The project is currently on hold. Contact Massader for details.</p>
